The Association to Advance Collegiate Schools of Business International (AACSB) accredits business programs in institutions of higher learning. It is a non-governmental review with specific standards for accreditation. Chapman University, CSU San Bernardino, CSU Fullerton, Cal Poly Pomona, UC Riverside, CSU Los Angeles, and CSU Long Beach are Southern California Universities that are AACSB accredited. For more information, students are encouraged to visit the website www.aacsb.edu.

This guide sheet is based on university course articulation and catalog information at the time of publication. ***Note that students are responsible for the current major requirements upon transfer to the university.*** It is advisable to consult with a counselor once a semester for any changes that may occur.

In addition to major requirements, students are advised to complete general education requirements. Applications for admission to the transfer universities are evaluated for completion of lower-division major and general education requirements. The Intersegmental General Education Transfer Curriculum (I.G.E.T.C.) is for UC and CSU transfer students. The CSU General Education Breadth (CSU GE-Breadth) requirements are for CSU transfer students. ***Note that many independent universities accept IGETC and CSU GE-Breadth as meeting their lower division general education requirements.***
